

Product Quality Commitment and Guarantee

Premium Imaging Products guarantees the quality and workmanship contained within all of the products we sell.

Our products are of the highest quality and manufactured at our primary factories under ISO 9000, 9002, 14001 and STMC Specification Guidelines for Certified Facilities.

With **Premium Imaging Products**, we back our merchandise with a **100% Unconditional Guarantee** that ensures these products will meet or exceed the OEM original performance specifications and be 100% compatible with the original product. We also include a full **Printer Protection Warranty** covering all equipment in which **Premium Imaging Products** are used.

For repair claims, simply have an independent service provider write an estimate of repair, stating that our product caused the damage, at which time we'll choose to repair or replace the equipment.

We stand behind our product quality commitment and guarantee. Be assured. You can count on **Premium Imaging Products** when selecting your imaging supplies.
